

TOP 15 WAYS TO START LEARNING

Master Checklist

1. Take Your Very First Lesson

Whether you're taking an audio or video lesson, just press the play button to get started!

2. Read along with the Lesson

You can read along with the Lesson Notes or Lesson Transcript that come with every lesson.

a. Lesson Notes: You get the lesson dialogue and translations, a more in-depth explanations on grammar, culture, vocab and sample sentences.

b. Lesson Transcript: This is the full, word-for-word transcript of everything you hear in the lesson.

c. The Dialogue Study Tool: You get the lesson dialogue audio including translations.

3. Shadow

Shadowing is a tested learning technique where you repeat what you hear. This is a great way to start speaking in minutes and practice speaking in general. If you read along, be sure to "shadow."

4. Participate & Leave a Comment!

The best way to master what you learn is to use it! Join the other learners and leave a comment!

5. Use the Dialogue Study Tool to Master the Conversation

Here, you get the line-by-line breakdown of the conversation. Listen until you've mastered each line.

6. Use the Voice Recorder to Perfect Your Pronunciation and Speaking

In the Dialogue Study Tool, you will find the microphone icon next to every line. Click on it to record your voice and compare with the native speakers.

7. Review Vocab with the Lesson Vocabulary List

- a. Want to save the words? Click on **Add to WordBank**
- b. Want to drill the words with Smart Flashcards? Click on **Add To Flashcard Deck**.

8. Listen to the Review Track

Use it to test and review the vocab from the lesson.

9. Listen to the Dialog

Test yourself on the Lesson Dialog Track.

10. Review with Lesson Quizzes After the Lesson

Take the review and writing quizzes that are available with every lesson

11. Download the Lesson to Keep

The best part of learning with our system is that you can take, retake and review lessons as much as you want. Download the lesson to your device or come back to it later for review.

12. Done? Mark Lesson as Complete

This will help you track your progress.
You can see your overall learning progress on the Dashboard.

13. Mark Lesson as Favorite to Come Back Later

Want to come back to it later? Mark it as favorite and save it!

14. Move on to the next Lesson!

Simply move on to the next lesson in line!

15. Want a Different Lesson?

Perhaps you want to learn the alphabet first or simple survival phrases.
Search and find the lessons you want easily.
